A BILL

To authorize the revision of the boundaries of the Caribou National Forest in the State of Idaho.

By Mr. DWORSHAK

APRIL 2 (legislative day, MARCH 24), 1947
Read twice and referred to the Committee on
Public Lands

REVISION OF THE BOUNDARIES OF THE CARIBOU
NATIONAL FOREST, IDAHO

FEBRUARY 3 (legislative day, FEBRUARY 2), 1948.—Ordered to be printed

Mr. DWORSHAK, from the Committee on Interior and Insular Affairs,
submitted the following

REPORT

[To accompany S. 1037]

The Senate Committee on Interior and Insular Affairs, to whom was referred the bill (S. 1037) to authorize the revision of the boundaries of the Caribou National Forest in the State of Idaho, having considered the same, report favorably thereon with the following amendments and with the recommendation that the bill, as amended, do pass.

Page 1, line 3, omit the comma following "That" and insert "the boundaries of the Caribou National Forest are hereby extended to include the following described lands and,".

Page 3, line 4, change "Section 7" to "Section 17,".

Page 7, line 20, change the semicolon after "quarter" to a comma.

Page 8, line 3, change the semicolon after "25" to a comma; line 10, change the semicolon after "18" to a comma; line 20, change the semicolon after "quarter" to a comma.

The purposes of the bill are (1) to extend the boundary of the Caribou National Forest to include certain lands designated therein, (2) to add to the Caribou National Forest all federally owned lands within the described area, and (3) to make lands of other ownerships within the area subject to the provisions of the Forest Exchange Act of March 20, 1922 (42 Stat. 465).

A portion of the area covered by the bill was formerly a part of the national forest but was excluded for private use and ownership. Such use and ownership has now proven to be detrimental to the dependent communities. At present this area as a whole is in a very depleted condition. The destruction of the vegetative cover on much of it has resulted in quick run-off of rain and melted snow, with consequent flash floods and reduced capacity of the soil to receive and retain surface moisture. A portion of this area, for example, during the past two summers has contributed to floods which originated in the steep, cultivated land below the present forest boundary. These

floods endangered two homes, flooded out haystacks and ruined good cultivated land in the Malad River bottom. Most of the sub-marginal farm land of the area now constitutes a very serious erosion problem.

Enactment of this bill would not increase administrative costs as the area can be administered by the present district personnel. It is estimated that eventually about 40,000 acres of land now in private ownership will be acquired by the Government at an average cost of \$5 per acre. About 75 percent of such acreage will need to be seeded, at an estimated cost of \$2.50 to \$5 per acre. These costs will, however, be spread over several years, possibly a decade.

The committee amended the bill to conform to the changes recommended in the report of the Department of Agriculture, which report is hereinbelow set forth in full and made a part of this report.

DEPARTMENT OF AGRICULTURE,
Washington, July 29, 1947.

HON. HUGH BUTLER,

*Chairman, Committee on the Public Lands,
United States Senate.*

DEAR SENATOR BUTLER: This is in reply to Senator Dworshak's request that this Department submit at the earliest possible date a report on S. 1037, a bill to authorize the revision of the boundaries of the Caribou National Forest in the State of Idaho.

We understand that the purposes of this bill are (1) to extend the boundary of the Caribou National Forest to include certain lands designated therein, (2) to add to the Caribou National Forest all federally owned lands within the described area, and (3) to make lands of other ownerships within the area subject to the provisions of the Forest Exchange Act of March 20, 1922 (42 Stat. 465).

To provide for item (1) above the comma should be omitted after "That" page 1, line 3, and the following inserted: "the boundaries of the Caribou National Forest are hereby extended to include the following described lands and,". Since the title of the bill indicates such action is intended, this report is based on the assumption that the above-suggested amendment will be incorporated in the bill.

Enactment of the bill with the suggested amendment would extend the boundary of the Malad unit of the Caribou National Forest in Oneida, Bannock, and Franklin Counties of southern Idaho to include 71,831.62 additional acres. It would add to the Caribou National Forest all federally owned land within the designated area. The area covered by this bill, as shown by the enclosed map, forms a band up to 3 miles but averaging less than 1 mile wide around the present national forest boundary. It lies between the higher and more rugged mountain lands inside the present national forest boundaries and the privately owned agricultural land below.

The area covered by the bill is now reported to be in the following ownerships:

	<i>Acres</i>
Private (76 percent)	54, 800. 92
Public domain (10 percent)	7, 282. 39
Taylor grazing district (5 percent)	3, 622. 36
State (5 percent)	3, 240. 49
County (4 percent)	2, 885. 46

The enactment of this bill would not change the status of the land now in private, State, or county ownership. The soil is light and gravelly and erodes very rapidly when the plant cover is disturbed, so is unsuited for cultivation. The original vegetative cover consisted mainly of sage-wheatgrass type. Where the virgin plant cover has been damaged or removed active sheet or gully erosion has become established. The area does not support much merchantable timber but has patches of Douglas fir on the rough northern exposures of the canyon slopes and such species as mountain maple, Utah juniper, and early-leaved mahogany on other rough areas.

A portion of the area covered by the bill was formerly a part of the national forest but was excluded for private use and ownership. Such use and ownership has now proven to be detrimental to the dependent communities. At present

this area as a whole is in a very depleted condition. The destruction of the vegetative cover on much of it has resulted in quick run-off of rain and melted snow, with consequent flash floods and reduced capacity of the soil to receive and retain surface moisture. A portion of this area, in T. 13 S., R. 35 E., for example, during the past two summers has contributed to floods which originated in the steep, cultivated land below the present forest boundary. These floods endangered two homes, flooded out haystacks and ruined good cultivated land in the Malad River bottom. Most of the submarginal farm land of the area now constitutes a very serious erosion problem.

As a result the local people evidently desire that the lands be included in the national forest in order that much of the private land may be acquired by the Government through the Exchange Act of 1922 or by purchase or donation, and the entire area given more effective management and restoration. This Department is willing to accept the responsibility which would be entailed by enactment of the bill, believing the public interest will be advanced thereby.

Enactment of this bill would not increase administrative costs as the area can be administered by the present district personnel. It is estimated that eventually about 40,000 acres of the land now in private ownership will be acquired by the Government at an average cost of \$5 per acre. About 75 percent of such acreage will need to be seeded, at an estimated cost of \$2.50 to \$5 per acre. These costs will, however, be spread over several years, possibly a decade.

The amendments below are recommended:

Page 1, line 3, omit the comma following "That" and insert "the boundaries of the Caribou National Forest are hereby extended to include the following described lands and,".

The following changes are recommended in the legal descriptions of the bill as a result of indicated typographical errors:

Page 3, line 4, change "Section 7," to "Section 17,".

Page 7, line 20, change the semicolon after "quarter" to a comma.

Page 8, line 3, change the semicolon after "25" to a comma.

Page 8, line 10, change the semicolon after "18" to a comma.

Page 8, line 20, change the semicolon after "quarter" to a comma.

In view of the time limitation, we have not had opportunity to obtain from the Bureau of the Budget advice as to the relationship of this proposed legislation, or report thereon, to the program of the President.

Sincerely,

N. E. Dobb, *Acting Secretary.*

The bill (H. R. 3088) for the relief of William Dudley Ward-Smith was announced as next in order.

Mr. IVES. Mr. President, I understand that this matter has been taken care of by other processes, and therefore I request that the bill be indefinitely postponed.

The PRESIDENT pro tempore. Without objection, it is so ordered.

MRS. AUDREY ELLEN GOOCH

The bill (H. R. 1078) for the relief of Mrs. Audrey Ellen Gooch was considered, ordered to a third reading, read the third time, and passed.

RECORDS OF MEMBERS OF THE HOUSE OF REPRESENTATIVES

The bill (H. R. 3778) to amend section 30 of the Revised Statutes of the United States (U. S. C., title 2, sec. 25) was considered, ordered to a third reading, read the third time, and passed.

JOSE MARIA GERARDO DE AMUSATEGUI AND RAMON DE AMUSATEGUI

The Senate proceeded to consider the bill (S. 1395) for the relief of Jose Maria Gerardo de Amusategui and Ramon de Amusategui, which had been reported from the Committee on the Judiciary with an amendment, to strike out all after the enacting clause and insert the following:

That notwithstanding the provisions of section 6 of the Immigration Act of 1924, as amended, the Secretary of State is authorized and directed to cause to be issued immigration visas to Jose Maria Gerardo de Amusategui and Ramon de Amusategui, at the earliest date on which numbers are available in the preference category of the immigration quota for nationals of the Philippine Islands; and the Attorney General is authorized and directed to permit the said Jose Maria de Amusategui and Ramon de Amusategui to be admitted to the United States as preference-quota immigrants upon compliance with the applicable laws, not inconsistent with this act, relating to the admission of immigrants to the United States.

The amendment was agreed to.

EXEMPTION OF RICHARD K. PHELPS, SPECIAL ASSISTANT TO THE ATTORNEY GENERAL, FROM THE OPERATION OF CERTAIN STATUTES

The bill (S. 1706) to limit the operation of sections 109 and 113 of the Criminal Code and section 190 of the Revised Statutes of the United States with respect to counsel in certain cases was announced as next in order.

Mr. CONNALLY. Mr. President, may we have an explanation of the bill?

Mr. WILEY. Let the bill be temporarily passed over until I can have an opportunity to look at it.

The PRESIDENT pro tempore. The bill will be temporarily passed over.

Subsequently, at the conclusion of the call of the calendar,

The PRESIDENT pro tempore. Without objection, the Senate will recur to Order No. 919, Senate bill 1706, which was temporarily passed over at the re-

quest of the Senator from Wisconsin [Mr. WILEY].

Mr. WILEY. Mr. President, the explanation of this bill is a very simple one. Richard K. Phelps, special assistant to the Attorney General at Kansas City, has been appointed the prosecutor in connection with the so-called fraud cases, and is very well qualified for the position. He has had previous experience. All this bill does is to follow the provisions of other statutes which provide that any public official in the prosecutor's office may not practice his own profession outside his job, the customary provision made. That is the explanation of this particular bill.

The PRESIDENT pro tempore. Is there objection to the consideration of the bill?

Mr. LUCAS. Does this apply only to one individual?

Mr. WILEY. That is correct.

There being no objection, the bill was considered, ordered to be engrossed for a third reading, read the third time, and passed, as follows:

Be it enacted, etc., That the employment of Richard K. Phelps as an attorney or counselor specially employed, retained, or appointed by the Attorney General or under authority of the Department of Justice, at a compensation not to exceed the rate of \$10,000 per annum, to conduct in the western district of Missouri, and in any other judicial district or districts where the jurisdiction thereof lies, any kind of legal proceeding, civil or criminal, including grand-jury proceedings and proceedings before committing magistrates, which district attorneys are authorized by law to conduct, in connection with alleged irregularities in the primary election in the Fourth and Fifth Congressional Districts of Missouri on August 6, 1946, shall not be construed to be employment within the meaning of sections 109 and 113 of the Criminal Code of the United States, as amended (U. S. C., title 18, secs. 193 and 203), or section 190 of the Revised Statutes of the United States (U. S. C., title 5, sec. 99).

BURNETT A. PYLE

The bill (S. 936) for the relief of Burnett A. Pyle was considered, ordered to be engrossed for a third reading, read the third time, and passed, as follows:

Be it enacted, etc., That the Secretary of the Treasury is authorized and directed to pay, out of any money in the Treasury not otherwise appropriated, to Burnett A. Pyle, of Bradford, Ark., the sum of \$6,000, in full satisfaction of his claim against the United States for compensation for personal injuries sustained by him on June 29, 1945, as a result of being knocked to the ground and trampled by a team of mules which he was harnessing and which became frightened when three United States Army planes passed overhead at a very low altitude: *Provided,* That no part of the amount appropriated in this act in excess of 10 percent thereof shall be paid or delivered to or received by any agent or attorney on account of services rendered in connection with this claim, and the same shall be unlawful, any contract to the contrary notwithstanding. Any person violating the provisions of this act shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not exceeding \$1,000.

ESTATE OF JOHN F. HOPPERTON

The bill (H. R. 1788) for the relief of the estate of John F. Hopperton, a minor, deceased, was considered, ordered to a

third reading, read the third time, and passed.

CARL W. SUNDSTROM

The bill (S. 981) for the relief of Carl W. Sundstrom was considered, ordered to be engrossed for a third reading, read the third time, and passed, as follows:

Be it enacted, etc., That the Secretary of the Treasury be, and he is hereby authorized and directed to pay, out of any money in the Treasury not otherwise appropriated, the sum of \$92 to Carl W. Sundstrom, on account of money taken from his person and destroyed by prisoners on or about the 2d day of May 1946, during a riot at the United States penitentiary, Alcatraz, Calif.: *Provided,* That no part of the amounts appropriated in this act in excess of 10 percent thereof shall be paid or delivered to or received by any agent or attorney on account of services rendered in connection with these claims, and the same shall be unlawful, any contract to the contrary notwithstanding. Any person violating the provisions of this act shall be deemed guilty of a misdemeanor and upon conviction thereof shall be fined in any sum not exceeding \$1,000.

ISSUANCE OF UNRESTRICTED DEEDS TO ALASKA NATIVES

The Senate proceeded to consider the bill (H. R. 3503) to permit the issuance of unrestricted deeds for town-site lands held by Alaska natives, and for other purposes, which had been reported from the Committee on Interior and Insular Affairs, with amendments.

Mr. SMITH. Mr. President, may we have an explanation of the bill?

Mr. BUTLER. Mr. President, the bill is designed to speed up the process of granting full equality to Indians who are capable of shouldering their responsibility. It provides for granting unrestricted deeds to town-site properties now held by Alaska natives under restricted deeds in the case of any natives who are competent to manage their own affairs. As a safeguard against granting such deeds to incompetent individuals, the Secretary of the Interior is authorized to determine the competency of all applicants.

As passed by the House, the bill would have required the Secretary to issue such deeds to any Alaskan natives who waived in writing any claim to future services from the Federal Government. The Senate committee believed that granting deeds on such a broad unrestricted basis might result in placing deeds in the hands of many incompetent individuals who would promptly sell their holdings and then become public charges. The proposed waiver of all claims to additional services would be of little value in the judgment of the committee, since such services chiefly along the lines of education and health must be given by some public agency anyway to those unable to pay.

There is no money involved. The bill is a further implementation of our general policy of advancing Indians and other natives to a status of full equality as rapidly as possible.

Mr. SMITH. I thank the Senator.

The PRESIDENT pro tempore. The clerk will state the first committee amendment.

The first amendment of the Committee on Interior and Insular Affairs was, on page 1, line 8, after the word "representative", to strike out "(a)."

The amendment was agreed to.

The next amendment was, on page 2, line 1, after the word "or", to strike out "(b) that any such native has renounced, in such written form as the Secretary shall prescribe, any claim to membership in any native tribe, band, or community and any claim to special services from the Federal Government by reason of his being an Alaska native."

The amendment was agreed to.

The next amendment was, on page 2, after line 11, to strike out:

SEC. 2. For the purposes of all Federal laws, treaties, orders, and regulations pertaining to Indian affairs, or to the natives of Alaska as such, any Alaska native who has filed a relinquishment as provided in the preceding section shall, thereafter, be considered a non-Indian and a nonnative, and shall be treated as removed from the operation of any restrictive provisions, special services, or other disabilities or privileges peculiarly applicable to Indians or natives of Alaska; and any person whose status as an Alaska native or Indian under Federal law has been so terminated shall not be eligible to reestablish such status for purposes of Federal surveillance or subsidy as an Alaska native or Indian, by reason of native blood, subsequent inheritance of restricted native lands, subsequent admission to membership in any native tribe, band, or community, or for any other reason.

The amendment was agreed to.

Mr. LUCAS. Mr. President, may I inquire of the Senator from Nebraska whether or not the bill was unanimously reported from the committee?

Mr. BUTLER. It was.

Mr. LUCAS. Is the Secretary of the Interior favorable to the bill?

Mr. BUTLER. Yes.

The PRESIDENT pro tempore. The question is on the engrossment of the amendments and the third reading of the bill.

The amendments were ordered to be engrossed and the bill to be read a third time.

The bill was read the third time and passed.

The bill (H. R. 4115) to quiet title and possession with respect to certain land in the town of Cheverly, Prince Georges County, Md., was considered, ordered to a third reading, read the third time, and passed.

SELECTION OF SUPERINTENDENTS OF NATIONAL CEMETERIES

The Senate proceeded to consider the bill (S. 1782) to provide for selection of superintendents of national cemeteries from meritorious and trustworthy male members of the armed forces who have been disabled in line of duty for active field service, which had been reported from the Committee on Interior and Insular Affairs with an amendment on page 1, line 4, after the word "trustworthy" to strike out "male", so as to make the bill read:

Be it enacted, etc., That superintendents of national cemeteries shall be selected from meritorious and trustworthy members of the

armed forces who have been honorably separated from the service of the United States, and who have been disabled in line of duty for active field service.

SEC. 2. Section 4874, Revised Statutes (U. S. C., title 24, sec. 275), is hereby repealed.

The amendment was agreed to.

The bill was ordered to be engrossed for a third reading, read the third time, and passed.

The title was amended so as to read: "A bill to provide for selection of superintendents of national cemeteries from meritorious and trustworthy members of the armed forces who have been disabled in line of duty for active field service."

CONVEYANCE OF LAND FOR THE USE OF THE UNIVERSITY OF MARYLAND

The bill (S. 1583) to provide for the conveyance to the State of Maryland, for the use of the University of Maryland, of the northern portion of a parcel of land previously constituting a part of the campus of the university and previously conveyed by the State of Maryland to the United States for the use of the Bureau of Mines, was considered, ordered to be engrossed for a third reading, read the third time, and passed, as follows:

Be it enacted, etc., That the Secretary of the Interior is authorized and directed to convey by quitclaim deed to the State of Maryland, for the use of the University of Maryland, a tract of land in Prince Georges County, Md., described as follows: Beginning at the stone monument that marks the corner formed by the intersection of boundary lines of the lands now or formerly owned by John and Rachel Keiley (liber S. CIVILIAN ATTENDANCE AT SCHOOLS CONDUCTED BY THE ARMY, NAVY, AND AIR FORCE

The Senate proceeded to consider the bill (S. 1801) to authorize attendance of civilians at schools conducted by the Departments of the Army, Navy, and Air Force, and joint service schools, and for other purposes, which had been reported by the Committee on Armed Services, with amendments.

Mr. GURNEY. Mr. President, this bill has to do with allowing civilians to attend service schools. Since the approval of the bill by our committee the Secretary of the Treasury has requested that the Coast Guard come in under the bill. I therefore present an amendment to the bill which I should like to have considered at this time.

The PRESIDENT pro tempore. Is there objection to the present consideration of the amendment offered by the Senator from South Dakota? The Chair hears none. The clerk will first report the committee amendments.

The first amendment was, on page 1, line 4, to insert, after the word "civilians", the words "who are citizens of the United States."

The amendment was agreed to.

The next amendment was, on page 2, line 6, after the parenthesis, to insert "": *Provided*, That not to exceed \$50,000 per annum may be expended under the direction of the Secretary of Defense for such purposes under the authority of this act."

The PRESIDENT pro tempore. The Senator from South Dakota offers an amendment to the amendment, which the clerk will report.

The CHIEF CLERK. On page 2, line 8, after the words "Secretary of Defense", it is proposed to insert ", and not to exceed \$1,000 per annum may be expended under the direction of the Secretary of the Treasury."

The amendment to the amendment was agreed to.

The PRESIDENT pro tempore. The Senator from South Dakota offers two amendments to the bill, which will be stated.

The CHIEF CLERK. It is proposed, on page 1, at the end of the first sentence, in line 8, to insert a new sentence, as follows: "The Secretary of the Treasury, under such regulations as he may prescribe, is authorized to permit civilians, who are citizens of the United States, including civilian employees of the Federal Government, to attend all schools operated by the Coast Guard"; and on page 2, line 13, after the word "Establishment", it is proposed to insert the words "or to the Coast Guard."

Mr. CONNALLY. Mr. President, may I inquire of the Senator from South Dakota as to the purpose of the bill?

Mr. GURNEY. It is to provide a means whereby outstanding civilian

leaders in civic, business, and professional fields may attend service schools of the armed services, and, as a result, be able to render valuable service in the event of another emergency.

Mr. CONNALLY. It includes the Army, Navy, and Air Force?

Mr. GURNEY. Yes; and, with this amendment, the Coast Guard.

Mr. CONNALLY. Is there any compensation to be paid?

Mr. GURNEY. The attendants will receive travel expenses plus the per diem allowed government employees at the time of attendance. The total expenditure is limited to \$50,000.

Mr. CONNALLY. Per annum?

Mr. GURNEY. The committee fixed a limitation of \$50,000 per annum.

Mr. CONNALLY. That is, for the first year?

Mr. GURNEY. That continues per annum.

Mr. CONNALLY. The second year will it be \$100,000?

Mr. GURNEY. Not without further authorization.

Mr. CONNALLY. Is there a limitation on persons who can attend the schools?

Mr. GURNEY. The number is limited by the amount of money. It is \$24,500 per annum for 100 civilian students whom the Army may select. The cost to the Air Force would be \$16,450. The Navy Department has another limitation which I do not have before me at the moment.

The PRESIDENT pro tempore. The question is on agreeing to the amendments offered by the Senator from South Dakota.

The amendments were agreed to.

The bill was ordered to be engrossed for a third reading, read the third time, and passed, as follows:

Be it enacted, etc., That the Secretary of Defense, under such regulations as he may prescribe, is authorized to permit civilians, who are citizens of the United States, including civilian employees of the Federal Government, to attend all schools operated by the Departments of the Army, Navy, and Air Force, including Joint-Service schools. The Secretary of the Treasury, under such regulations as he may prescribe, is authorized to permit civilians, who are citizens of the United States, including civilian employees of the Federal Government, to attend all schools operated by the Coast Guard. Civilians authorized to attend such schools shall be entitled to receive traveling expenses and per diem in lieu of subsistence, including per diem in lieu of subsistence while in attendance at such schools, in accordance with Standardized Government Travel Regulations, the Subsistence Expense Act of 1926, as amended (5 U. S. C. 821-833), and the act of February 14, 1931, as amended (5 U. S. C. 73a): *Provided*, That not to exceed \$50,000 per annum may be expended under the direction of the Secretary of Defense and not to exceed \$1,000 per annum may be expended under the direction of the Secretary of the Treasury, for such purposes under the authority of this act. The schools' equipment, billets, and messing facilities may be used for training of, and providing housing and subsistence for, such civilians while attending such schools. Appropriations available to the National Military Establishment or to the Coast Guard may be used for carrying into effect the purposes of this act.

REGULATIONS GOVERNING INQUIRIES IN CONNECTION WITH DISBURSEMENTS BY OFFICERS OF THE ARMY

The bill (S. 1795) to repeal section 1 of the act of April 20, 1874, prescribing regulations governing inquiries to be made in connection with disbursements made by disbursing officers of the Army, and for other purposes, was considered, ordered to be engrossed for a third reading, read the third time, and passed, as follows:

Be it enacted, etc., That section 1 of the act of April 20, 1874 (18 Stat. 33; 10 U. S. C. 174), is hereby repealed.

The PRESIDENT pro tempore. That concludes the calendar.

THE PROVO RIVER PROJECT, UTAH

The PRESIDENT pro tempore. The Senator from Vermont [Mr. AIKEN] is recognized.

Mr. BUTLER. Mr. President, will the Senator yield?

Mr. AIKEN. I yield to the Senator from Nebraska.

Mr. BUTLER. Mr. President, I ask unanimous consent for the consideration of Calendar 926, Senate bill 1990, to which the acting minority leader objected a while ago. I do not have the figures here at the moment, but I expect to have them shortly. I can explain the bill.

Mr. LUCAS. The author of the bill, the Senator from Utah [Mr. WATKINS] is here.

Mr. BUTLER. I do not know whether he has the figures in mind.

Mr. LUCAS. Does either of the Senators know what the figures are?

Mr. BUTLER. I know what they are, but I should much prefer to have the Senator from Utah explain the bill.

The PRESIDENT pro tempore. Does the Senator from Vermont yield for that purpose?

Mr. AIKEN. I have no objection, if it will not take long.

Mr. BUTLER. I am sure it will not take over 5 minutes.

Mr. AIKEN. I will yield for that purpose.

The PRESIDENT pro tempore. To whom does the Senator yield?

Mr. AIKEN. I yield to the Senator from Utah for the purpose of explaining the bill.

Mr. WATKINS. I have in mind the general purpose of the bill, but I did not know I would be asked a lot of questions involving figures.

Mr. LUCAS. Mr. President, a parliamentary inquiry.

The PRESIDENT pro tempore. The Senator will state it.

Mr. LUCAS. What is pending before the Senate?

The PRESIDENT pro tempore. The Senator from Vermont has the floor and has yielded to the Senator from Utah. The question before the Senate is the committee amendment to Senate Joint Resolution 111.

Mr. AIKEN. I yield to permit the Senator from Utah [Mr. WATKINS] to explain the bill with a 5-minute limitation. However, if his explanation is not suf-

ficient to satisfy the Senators who are present today, I should prefer not to yield.

The PRESIDENT pro tempore. The Senator is in control of his own destiny.

Mr. AIKEN. I yield to the Senator for the 5-minute period to which he would have been entitled.

Mr. WATKINS. Mr. President, I cannot state in advance whether my explanation will be satisfactory. The bill is to authorize, in effect, an extension of contracts relating to the Deer Creek and aqueduct divisions of the Provo River project so that construction can be completed in accordance with the general principles of our reclamation laws. The project was started in 1936. It is partially completed. It will furnish a supplemental water supply for a large section in central Utah.

The Bureau of Reclamation has contracts with the Metropolitan Water District of Salt Lake City and other cities in connection with this storage project. A little over a year ago the people who are to repay the cost of the construction of the project signed supplemental contracts increasing by 50 percent their guaranty and their liability. At that time it was felt by the Bureau that costs had advanced about 50 percent, and the project could be finished within that guaranty. But since that time prices have gone up tremendously, to the point that now the contemplated cost has been far exceeded. But the legal liability, under the laws of Utah, of the various entities which have signed the contracts, cannot be expanded any further.

The present proposal is to permit the United States, through the Bureau of Reclamation, to rent water to these subscribers for a period of time, at a rate sufficient to take care of the additional cost. After the additional cost has been paid, the subscribers—the water users—will immediately begin the repayment of the construction cost, under their contracts, and will go right on with the payments under the repayment contracts. The project is about two-thirds completed; but the situation which has developed, due to advancing prices, makes it necessary to proceed in the way now proposed.

The proposal has the unanimous approval of all who are connected with it—the Bureau of Reclamation, the Provo River Water Users' Association, the Metropolitan Water District of Salt Lake City, and the Senate committees which heard the testimony as to the details.

Mr. LUCAS. Mr. President, will the Senator yield?

Mr. WATKINS. I yield.

Mr. LUCAS. How much will this proposal cost the Department of the Interior?

Mr. WATKINS. It will not cost the Interior Department anything. The cost will come to the people who are to pay for it, and all of it will be repaid. All the water users are able to repay. They are not asking for any deductions.

Mr. LUCAS. I understand it is a self-liquidating project. But are they not requesting money at this time?

following

REPORT

[To accompany S. 1037]

The Committee on Public Lands, to whom was referred the bill (S. 1037) to authorize the revision of the boundaries of the Caribou National Forest in the State of Idaho, having considered the same, report favorably thereon with amendments and recommend that the bill do pass.

The amendments are as follows:

Page 8, line 18, after "2", strike out the words "south half northeast quarter,".

EXPLANATION OF THE BILL

The purpose of this bill is to add to the Caribou National Forest in the State of Idaho approximately 71,831.62 acres of submarginal

land, the major part of which is privately owned. The balance of the area is under public ownership.

This bill would transfer to the Caribou National Forest all federally owned lands in the described area and would make the lands under other ownerships subject to the provisions of the Forest Exchange Act of March 20, 1922.

At hearings held before a subcommittee of the Committee on Public Lands, it was testified that residents of the area concerned have requested that this legislation be enacted. The land is in a depleted condition, and the destruction of its vegetative cover has resulted in flash floods and reduced capacity of the soil to receive and retain surface moisture. Last year, floods endangered homes and ruined good cultivated land in the river bottom below the area covered by this bill.

Since this land constitutes a very serious erosion problem and is unfit for cultivation, the Committee on Public Lands believes the enactment of S. 1037 to be desirable. Its passage will not increase administrative costs inasmuch as the area can be administered by the present personnel. Part of the privately owned land can be exchanged for federally owned land in the vicinity and the balance can be acquired by the Government at an average cost of \$5 per acre.

Set forth below and made a part of this report is a communication dated July 29, 1947, from the Department of Agriculture to the chairman of the Senate Committee on Public Lands (now Committee on Interior and Insular Affairs) recommending the enactment of S. 1037.

The bill has been amended by the committee in accordance with suggestions offered by the Department of Agriculture in letter of March 18, 1948, addressed to Hon. Richard J. Welch, chairman of the Committee on Public Lands, which is hereinbelow set forth. These amendments merely correct the land description.

Since approximately 10,510 acres of the federally owned lands are now under the jurisdiction of the Department of the Interior, that Department's recommendations were requested by the committee. In letter of May 27, 1948, addressed to Chairman Welch and set forth below, Secretary J. A. Krug advises that the Department of the Interior has no objection to the enactment of this bill.

The Committee on Public Lands unanimously recommends that S. 1037 be enacted.

DEPARTMENT OF AGRICULTURE,
Washington, July 29, 1947.

HON. HUGH BUTLER,
Chairman, Committee on the Public Lands,
United States Senate.

DEAR SENATOR BUTLER: This is in reply to Senator Dworshak's request that this Department submit at the earliest possible date a report on S. 1037, a bill to authorize the revision of the boundaries of the Caribou National Forest in the State of Idaho.

We understand that the purposes of this bill are (1) to extend the boundary of the Caribou National Forest to include certain lands designated therein, (2) to add to the Caribou National Forest all federally owned lands within the described area, and (3) to make lands of other ownerships within the area subject to the provisions of the Forest Exchange Act of March 20, 1922 (42 Stat. 465).

To provide for item (1) above the comma should be omitted after "That" page 1, line 3, and the following inserted: "the boundaries of the Caribou National Forest are hereby extended to include the following described lands and,". Since the title of the bill indicates such action is intended, this report is based on

the assumption that the above-suggested amendment will be incorporated in the bill.

Enactment of the bill with the suggested amendment would extend the boundary of the Malad unit of the Caribou National Forest in Oneida, Bannock, and Franklin Counties of southern Idaho to include 71,831.62 additional acres. It would add to the Caribou National Forest all federally owned land within the designated area. The area covered by this bill, as shown by the enclosed map, forms a band up to 3 miles but averaging less than 1 mile wide around the present national forest boundary. It lies between the higher and more rugged mountain lands inside the present national forest boundaries and the privately owned agricultural land below.

The area covered by the bill is now reported to be in the following ownerships:

	<i>Acres</i>
Private (76 percent)-----	54, 800. 92
Public domain (10 percent)-----	7, 282. 39
Taylor grazing district (5 percent)-----	3, 622. 36
State (5 percent)-----	3, 240. 49
County (4 percent)-----	2, 885. 46

The enactment of this bill would not change the status of the land now in private, State, or county ownership. The soil is light and gravelly and erodes very rapidly when the plant cover is disturbed, so is unsuited for cultivation. The original vegetative cover consisted mainly of sage-wheatgrass type. Where the virgin plant cover has been damaged or removed active sheet or gully erosion has become established. The area does not support much merchantable timber but has patches of Douglas fir on the rough northern exposures of the canyon slopes and such species as mountain maple, Utah juniper, and curly-leaved mahogany on other rough areas.

A portion of the area covered by the bill was formerly a part of the national forest but was excluded for private use and ownership. Such use and ownership has now proven to be detrimental to the dependent communities. At present this area as a whole is in a very depleted condition. The destruction of the vegetative cover on much of it has resulted in quick run-off of rain and melted snow, with consequent flash floods and reduced capacity of the soil to receive and retain surface moisture. A portion of this area, in T. 13 S., R. 35 E., for example, during the past two summers has contributed to floods which originated in the steep, cultivated land below the present forest boundary. These floods endangered two homes, flooded out haystacks and ruined good cultivated land in the Malad River bottom. Most of the submarginal farm land of the area now constitutes a very serious erosion problem.

As a result the local people evidently desire that the lands be included in the national forest in order that much of the private land may be acquired by the Government through the Exchange Act of 1922 or by purchase or donation, and the entire area given more effective management and restoration. This Department is willing to accept the responsibility which would be entailed by enactment of the bill, believing the public interest will be advanced thereby.

Enactment of this bill would not increase administrative costs as the area can be administered by the present district personnel. It is estimated that eventually about 40,000 acres of the land now in private ownership will be acquired by the Government at an average cost of \$5 per acre. About 75 percent of such acreage will need to be seeded, at an estimated cost of \$2.50 to \$5 per acre. These costs will, however, be spread over several years, possibly a decade.

The amendments below are recommended:

Page 1, line 3, omit the comma following "That" and insert "the boundaries of the Caribou National Forest are hereby extended to include the following described lands and,".

The following changes are recommended in the legal descriptions of the bill as a result of indicated typographical errors:

Page 3, line 4, change "Section 7," to "Section 17,".

Page 7, line 20, change the semicolon after "quarter" to a comma.

Page 8, line 3, change the semicolon after "25" to a comma.

Page 8, line 10, change the semicolon after "18" to a comma.

Page 8, line 20, change the semicolon after "quarter" to a comma.

In view of the time limitation, we have not had opportunity to obtain from the Bureau of the Budget advice as to the relationship of this proposed legislation, or report thereon, to the program of the President.

Sincerely,

N. E. DODD, *Acting Secretary.*

DEPARTMENT OF AGRICULTURE,
Washington, March 18, 1948.

HON. RICHARD J. WELCH,
*Chairman, Committee on Public Lands,
House of Representatives.*

DEAR MR. WELCH: Reference is made to S. 1037, a bill to authorize the revision of the boundaries of the Caribou National Forest in the State of Idaho, which was approved by the Senate on February 9, 1948, and which I understand has been referred to your committee.

In checking the land descriptions specified in the above-mentioned bill with the official records of the Bureau of Land Management of the Department of the Interior, it has been noted that land descriptions in the bill are in part based on old township plats which have been superseded by revised plats. In addition, one instance of duplication and one typographical error in land descriptions were apparently included in the Senate bill as passed.

To correct the apparent errors and to bring the land descriptions in line with the more recent official township plats the following amendments to S. 1037 (the copy of the bill which bears the notation "Calendar No. 927 [Report No. 877]") are recommended:

Page 2, line 11, after "section 2," change "lots 1, 2, 3, 4;" to "lots, 2, 4, 5, 6, 7, 8, 9;"

Page 2, line 11, after "section 3," change "lots 1, 2, 3, 4, 5, 6, 7," to "lots 2, 3, 4, 5, 6, 7, 8, 9, 10,"

Page 2, line 13, change "west half" to "east half".

Page 4, lines 6 and 7, after "section 21," delete "east half;" and insert instead "lots 1 and 2, northeast quarter, north half southeast quarter;"

Page 7, line 11, after "section 5" insert a semicolon and delete the remaining portion of line 11, all of lines 12 and 13 and the first word, i. e., "quarter;" of line 14.

Page 7, beginning line 23, after "east half;" insert "and". Change the comma after "36" to a period and delete the remainder of page 7.

Page 8, line 18, after "2" delete the words "south half northeast quarter,".

The above proposed changes do not in any way change the area intended to be covered by S. 1037 as passed by the Senate. They will bring the area described in the bill in conformity with the area shown on the map which accompanied the report of this Department, dated July 29, 1947, to the Senate Committee on Interior and Insular Affairs. Acceptance of the recommended amendments will bring the land descriptions of the bill in line with the most recent official township plats. It will eliminate a duplication in the present land descriptions and will correct one apparent typographical error.

It is sincerely regretted the above recommended changes were not noted and brought to the attention of the Senate committee which considered the bill before it was placed before the Senate for action.

Sincerely,

CHARLES F. BRANNAN, *Assistant Secretary.*

DEPARTMENT OF THE INTERIOR,
Washington 25, D. C., May 27, 1948.

HON. RICHARD J. WELCH,
*Chairman, Committee on Public Lands,
House of Representatives.*

MY DEAR MR. WELCH: This is in further reference to your request for a report on S. 1037, a bill to authorize the revision of the boundaries of the Caribou National Forest in the State of Idaho.

Upon further consideration, I have no objection to the bill. It is assumed, of course, that the interests of holders of grazing leases, licenses, and permits on public domain lands added to the national forest will be recognized by the Department of Agriculture in its administration of such lands.

Since your committee has requested an immediate report, the views set forth above have not yet been submitted to the Bureau of the Budget for advice as to the relationship of those views to the program of the President.

Sincerely yours,

J. A. KRUG,
Secretary of the Interior.

Mr. MANSFIELD. This would be applicable to any reclamation project in the 17 States?

AMEND BANKRUPTCY

The Clerk called the bill (H. R. 5693) to amend an act entitled "An act to establish a uniform system of bankruptcy throughout the United States," approved July 1, 1898, and acts amendatory thereof and supplementary thereto; and to repeal subdivision b of section 64 and subdivision h of section 70 thereof and all acts and parts of acts inconsistent therewith.

The SPEAKER. Is there objection to the present consideration of the bill?

Mr. KEOGH. Mr. Speaker, reserving the right to object, I should like to make inquiry of the author as to the meaning of section 30 (a) of this bill, which reads: "All acts or parts of acts inconsistent with any provisions of this amendatory act are hereby repealed," the point of my inquiry being, How can anyone tell what acts are inconsistent with any provisions of this amendatory act? Are we not, in effect, imposing upon the judiciary and the bar the obligation of attempting to determine, whether rightly or wrongly, what acts are inconsistent with this pending measure?

Mr. REED of Illinois. I think that is just a repetition of the present law. This is an amendatory act. The entire act is noncontroversial. It merely simplifies the language of the present law.

Mr. KEOGH. Of course, it is noncontroversial until a controversy arises. I hesitate to say this, but it is my opinion that more confusion in attempting to interpret the acts of this body arises from the use of what might be described as a general indefinite repealer such as this than from anything else. However, if the committee is satisfied with it, I have no objection. Therefore, Mr. Speaker, I withdraw my reservation of objection.
